ARE MAKING A DIFFERENCE
BUT THERE IS MORE TO DO.**

Now unto him who is able to keep you from falling, and to present you faultless before the presence of his glory with exceeding joy. To the only Wise God our Saviour, be glory and majesty, dominion and power, both now and ever. Amen.

***My Personal Message to
Family and Friends***

"We've known each other for a long time and I know your heart feels for our brothers and sisters in Kenya and Nigeria. I realize we can't save the whole world, but if you would please donate what you can, we can help save a little piece . . . and that means everything. God bless you."

We need your financial help and prayers to make dreams come true. Your gifts will create a healthy future for countless children in Kenya and Nigeria.

HELPING KENYA & NIGERIA RISE AGAIN.

LOTT CAREY HAS A PROVEN RECORD OF HELPING PEOPLE IN AFRICA. YOUR DONATIONS WILL EXTEND HEALTH & SPIRITUAL MINISTRIES.

KENYA—Spiritual Activities: There are 37 congregations with 3,300 lay members in seven districts. Lay members have purchased a SUV to assist clergy with ministerial support and supervision. Two clergy have recently completed pastoral training. **Health Activities:** Medical initiatives have brought much-needed medicine to areas without government clinics. The church-run HIV/AIDS program needs money to reopen. Local community members are temporarily providing help to 30 widows and 37 orphans, and buying medicine for the infected. The Lott Carey partnership brings African-Americans and Africans closer together. Lives are changing. Praise God.

NIGERIA—Spiritual Activities: There are more than 80 churches in four states. A National Prayer Team conducts a monthly, three-day prayer meeting and a National Convention is convened yearly. Both increase church membership and donations. Pastoral ministry is a continuing challenge in rural areas because congregants often cannot afford to support clergy. **Health Activities:** Contributions from individual churches in the U.S. for medical supplies provides treatment of various illnesses. Expanded medical services, supplies, and personnel are needed.
